

The Animal Health Company

The expertise & knowledge of animal health requirements, disease control & herbal products in The Animal Health Company are, we believe, second to none.

Our company motto “Committed to Animal Care” is something we strongly believe in. The animals, their health & wellbeing come first.

In 2020 we celebrate 30 years in business.

Since our beginnings in 1990, we have expanded from canine products into equestrian & avian ranges, with great success.

Our products are acknowledged by many as the market leaders in their field.

We have appeared on national television many times & our products are insisted upon by top breeders & professionals.

Our products are available in a range of sizes suitable not only for the pet owner but also in larger sizes suitable for yards, kennels & groomers.

So visit our website, browse our catalogue or give us a call.

PARVO-VIRUCIDE

THE ULTIMATE DISINFECTANT FOR ALL ANIMAL QUARTERS, TESTED & PROVEN BY THE CENTRAL VET LABORATORY.

Parvo-Virucide is a disinfectant/cleaner giving supreme germ killing power, as proven by testing carried out by the C.V.L.

The recommended dilution of 1:200 is effective against the parvo-virus, recognised as one of the most difficult organisms to inactivate.

Parvo-Virucide will destroy the organisms causing viruses, bacteria, fungi & ringworm.

When used as directed Parvo-Virucide is safe, biodegradable & does not exceed properties of recommended Health & Safety operators threshold.

The special properties of Parvo-Virucide enable it to work efficiently even in dirty areas, where most disinfectants are broken down & rendered inactive.

Trichophyton Mentagrophytes	Ringworm	1:50
Eimeria Tenella	Coccidiosis	1:100

"We Have used this in our kennels for about 15 years. We wouldn't use anything else." Simon Chase 26.03.19 Blackhilllook Boarding Kennels.

"Does the job where others fail." Reg Andrews 07.10.19. Justcats cattery

ODOR-KILL - Destroys all smells

"Brilliant stuff for getting rid of all smells, especially urine on patio. Also good diluted for indoor floors & surfaces, leaving a very pleasant smell." Jackie Gatelan 10.07.19.

A very powerful deodoriser, known for its ability to kill even the strongest smells!

Available in concentrated or ready to use form.

It can not only be used in catteries & kennels, but on astro turf, carpets, patios, in vehicle etc.

Simply dilute as required & spray or mop the areas where dog, cat, tobacco or cooking smells linger.

The odor is killed, not masked.

Very concentrated, 1lt will make 50lts of solution at the recommended dilution.

SQUEEGEE

18" T008
22" T087
30" T087A

Our squeegees are very strong, double bladed foam rubber in metal holders.

Marvellous for cleaning out runs, patios etc.

Compared to brushing, our squeegees will get your runs clean & dry instantly.

Kennel managers tell us they wouldn't know what to do without them.

CANI-FLOOR

A natural organic bedding powder.

It is very absorbent, so great to sprinkle on kennel floors, mix into litter trays or on any household or garage spill.

Helps to reduce odours.

500g T160

5kg T160A

SCOOPY-DO

Scoopy-Do is a clean & more pleasant way to handle your pet mess. For use indoors & out.

This rich expanding foam has a pleasing fragrance, masking the odour of the mess.

The foam also helps reduce bacteria left behind after picking up after your dog.

It's wool safe making it suitable for use on carpets, the nature of the expanding foam, means it can help lift dirt out of the soiled area on the carpet.

------	------

NO BRUISE

A spray for tired, bruised muscles & legs to help soothe & relieve excess heat.

Contains: Witch Hazel, Devil's Claw & Arnica.

Great to use after your dog has exercised or trained.

Sold in a ready to use spray bottle.

Spray onto affected area & massage into the skin.

Why not try on yourself after exercising or on a potential bruise.

500ml T254

Animal
HEALTH

NO CANK

It is very common for domestic animals to have dirty ears.

This can be recognised by intense scratching, a smell & an excessive wax build up.

Use NoCank daily for a week to clean ears.

Then use NoCank once a week to help keep the ears clean & maintain good hygiene in the ears.

This powder can also be used on irritated skin patches too.

20g T174
100g T175

COMPOSITION:
Iodoform, Zinc Oxide,
Boric Acid, French Talc.

DIRECTIONS: Hold the animal firmly, for cats & small pets wrapping in a towel can be helpful. Apply a small pinch of powder to the inner ear, avoiding the ear hole. Massage from the outside of the ear. Apply twice daily. Continue for 3-5 days until wax build up starts to move. Then use once a week.

For skin irritations, massage a small pinch into the affected area twice a day for 3-5 days.

DEVIL'S CLAW

A liquid form of this amazing herbal root.
Used to attain & maintain healthy joints while
avoiding debilitating side effects.

Daily for a medium size dog 10ml.

COMPOSITION: Water, extract of Harpagophytum
Procumbens (devil's claw).

HORMONISE

Hormonise helps to maintain the entire hormonal system. Many dogs, particularly females, at one time or another go through a moody “bitchy” stage. Some breeds are more prone to these seasonal mood swings than others. Many awkward or badly behaved dogs are just going through one of these phases & may benefit from Hormonise. **Hormonise was voted Product of the year by a top U.S. magazine, for its support & maintenance of hormonal balance.**

1ml/kg body weight to max of 20ml a day.

COMPOSITION: Water & Chaste Berry extract.

ADDITIVES: Preservatives - Propionic acid (E280),

Acetic Acid (E60),

Antioxidant - Ascorbic Acid (E300).

250ml T119

2.5 Litre T121

1 Litre T120

SHAMPOOS

We produce a range of shampoos & conditioners for different coat colours & coat types. Our products have been used by CRUFTS champions for many years & are chosen by top professional grooming establishments.

THESE SHAMPOOS ARE CONCENTRATED, DILUTE 15:1

ALMOND A shampoo enriched with almond, which is conditioning & helps restore natural oils within the dogs coat.

It nourishes the skin & coat, suitable for all breeds, but is especially good for longer coated or double coated dogs.

APPLE A super concentrated shampoo with a light & refreshing fragrance.

Suitable for all breeds & all coat types.

It is a great all round shampoo.

Especially good for dogs who like to roll in “smelly messes” when out on their walks.

The apple helps to refresh their coat quickly.

COCONUT A superior shampoo that offers the benefits of coconut oil.

Suitable for long & short haired coats, as well as wire haired breeds.

It will not soften a naturally harsh coat.

It is also suitable for cats.

LAVENDER A deep cleansing shampoo for all breeds. The essential oils of Lavender can help calm & de-stress the dog whilst bathing.

The natural Lavender oils are known for their disinfecting properties, making it a great shampoo to get your dog clean & calm.

MEDICATED

For use on dogs that suffer from a dry &/or flaky skin.

This shampoo will help promote a healthy coat & skin.

Medicated Shampoo will NOT soften a harsh coat.

CONDITIONER A super concentrated silk finish conditioner.

It helps prevent tangles, reduces hair shedding & leaves a luscious finish to the coat.

Great for all dogs, but especially dogs with a longer coat or with a dry brittle coat.

NO SCURF A medicated shampoo with pure Rosemary & Methyl Salicylate for a healthy skin & coat.

Suitable for dogs with a sensitive &/or itchy skin.

Rosemary oils are known for their natural antimicrobial & antiseptic properties. As well as flaky itchy skin it is great for a greasy coat.

Apply to a dry coat & allow to soak into the skin, then apply a little water & lather up, before finally rinsing off the coat.

250ml	T059	2.5 Litre	T061
1 Litre	T060	5 Litre	T062

ONE STEP A shampoo & conditioner in one.

This shampoo gives a deep clean as well as conditioning the coat.

It will also add body & shine to the coat.

A useful general shampoo to use for a regular spruce up, which will leave your dogs coat fresh, fragrant & soft.

250ml	SPD005	2.5 Litre	SPD007
1 Litre	SPD006	5 Litre	SPD008

PUPPY SHAMPOO

A specially formulated shampoo for your puppy & young dogs.

Can be used on all breeds & all coat types.

It is a SLS (Sodium Lauryl Sulphate) free shampoo.

It is delicately fragranced & gentle on the skin.

Dilute at 18:1.

1 Litre	T024	5 Litre	T026

NO TEAR SHAMPOO

For dogs with a sensitive skin.

A SLS free shampoo suitable for all dogs.

We have designed this one for dogs with sensitive skin or who are allergy prone.

It is a light shampoo which you dilute 18:1.

250ml	T027	2.5 Litre	T150
1 litre	T028	5 Litre	T151

SUPER BLACK SHAMPOO

A natural shampoo designed for Black, Blue & Grey coats.
Rinses out easily leaving the coat full of body with the correct lay of hair for fine scissoring and finishing.
SUPER BLACK contains coconut oil for added conditioner.
Helps achieve a beautiful shiny reflective coat.

SUPER RED SHAMPOO

A concentrated shampoo that you can use on Reds, Tans, Chocolates and Black coats.
This shampoo will help to accentuate the coats natural highlights and make the coat shine out.
SUPER RED shampoo will NOT soften a naturally harsh coat.

SUPER WHITE SHAMPOO

This handy shampoo is concentrated, meaning you can alter the strength, so use in a stronger solution for stained areas.
Made for use on white or part white dogs. SUPER WHITE shampoo has natural optical brighteners to enhance a white or light coloured coat. It is effective in removing tear, saliva & urine stains. This shampoo is loved by many show dog owners.

TOOTHPOWDER

Dental hygiene is vital for your dogs health & wellbeing, especially in later years. Regular use of our TOOTH POWDER can reduce bad breath, eliminate tartar & return teeth to their original whiteness. This is a popular buy for many dog owners. Use daily to clean bad tartar build up, then weekly to maintain the clean.

100g T143 500g T143A

EAR DROPS

Clean ears are healthy ears! Help keep your dogs ears clean with our Tea Tree Ear Cleaner. This oil will clean the ears & remove wax build up from the ears. The natural anti-fungal & anti-bacterial abilities of Tea Tree assist with achieving clean, healthier & more hygienic ears.

30ml T142

Tilt the animals head to one side, place 4 drops into the ear, then gently clean the ears with a clean cotton wool bud. Repeat daily for a bad build up, then weekly.

SOOTH ITCH CREAM

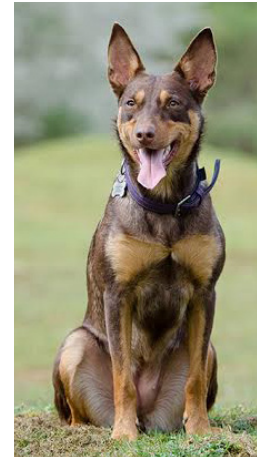

A very gentle cream that is soothing to the skin. Its thick, luxurious cream is easy to apply to areas of skin irritation, minor cuts, grazes, bites or sunburn. Our customers love it so much they also use it on themselves.

150g T139
250g T140

From Australia, the Tea Tree plant has been used for thousands of years.

Much has been written about this remarkable plant & its soothing & disinfecting properties. It is a natural insect repellent & has anti-fungal & anti-bacterial properties.

EQUESTRIAN HEALTH

The Animal Health Company
are the original makers of NoBute, and are
widely regarded as being the market leaders.

No^{The ORIGINAL}
Bute

Our NoBute range is a comprehensive selection of feed supplements
for all Horses, Ponies & Donkeys.

These liquid supplements are an aqueous solution of the Devil's Claw root.
We extract the benefits from this root using our "Therminfusex" process,
which is unique to us. By using this method we ensure all the benefits of
the herbs we use are easily available to your horse.

NoBute (not phenylbutazone) is a liquid supplement
which can be safely used with none of the debilitating
side effects associated with Bute.

Trusted by owners
for 30 years.

NOBUTE

A very strong liquid Devil's Claw extract, for the nutritional maintenance of healthy joints & bones.

It can be given long term with no ill effects.

NoBute is not Phenylbutazone (Bute).

Devils claw is on the FEI controlled medications list.

Must not be present in FEI competing horses system.

However, not banned for horses on a break from FEI competitions

COMPOSITION: Water, Extract of Harpagophytum Procumbens (Devil's claw).

ADDITIVES: L-Ascorbic Acid E300 (as antioxidant), Proponic Acid E280, Acetic Acid E260 (as preservatives)

1 Litre	EQ301	5 Litre	EQ303
2.5 Litre	EQ302	20 Litre	EQ303S

Ponies up to 20ml daily

NO BUTE PREMIUM

NoBute Premium is our regular NoBute with the added benefits of MSM, Glucosamine Sulphate & Vitamin C.

Added for additional cartilage maintenance.

COMPOSITION: Water, Extract of Harpagophytum Procumbens, Glucosamine Sulphate Potassium, Methylsulfonmethane, Vitamin C 10,000mg/kg.

ADDITIVES: Vitamin C (L-Ascorbic Acid), Proponic Acid & Acetic Acid.

Load of 40mls for 14 days, then reduce to 25ml a day.

1 Litre	SP052	5 Litre	SP054
2.5 Litre	SP053	20 Litre	SP062

MSM promotes the production of healthy cells & maintains healthy body functions. It helps in detoxifying the body & maintaining blood circulation.

VITAMIN C is important as a "free radical scavenger" mopping up harmful chemical compounds occurring naturally in the body.

GLUCOSAMINE SULPHATE helps to build & maintain healthy cartilage, particularly in the joints.

NAVILAM 'O'

Navilam 'O' offers maintenance for the laminae, navicular & pedal bones as well as the lower leg & hoof.

Navilam 'O' is based on NoBute with the addition of English Hawthorn.

COMPOSITION: Water, extract of Harpagophytum Procumbens & Crataegus.

ADDITIVES: L-Asorbic Acid (an antioxidant) Propionic Acid E280, Acetic Acid E260 (as preservatives)

Horses up to 40ml daily.

1kg	EQ326
2.5kg	EQ327
20kg	EQ403

A Pro-Biotic powder that works in the digestive system. It overpopulates bad bacteria with beneficial bacteria. The introduction of this bacteria will help to maintain the balance nature intended.

COMPOSITION: Dextrose, Live Saccharomyces Cerevisiae NCYCS47 (1x10 Viable bacteria), Lactose & Acacia Gum.

Our Animal Health range is a selection of nutritional supplements to increase the welfare & performance of all equines. Complementary feed for Horses, Ponies & Donkeys. Made by us here in the UK for over 25 years.

O-MEGA SHINE

Daily between 15-25ml.

COMPOSITION: Cold Pressed Hempseed Oil.

ADDITIVES: Vitamin A, Vitamin D3 & Vitamin E.

Nicola, one of our original trial users of O-Mega Shine, absolutely loves it. Nicola said, “not only did my horses coat start to shine, but his mane growth and general condition also amazed me and my instructor.

It only takes a groom to get him shining brightly, so less work on show days.

I also noticed that his hoof condition has improved and all with only 15mls a day.

I now have all my horses on ‘O’ Mega Shine and I recommend it to everybody.”

100% British Cold Pressed Hemp Seed Oil.

Attain & Maintain a show winning coat.

One of the best vegetarian sources of Omega 3.

Contains 87% Omega Oils (3, 6 & 9).

Attain & Maintain a show winning coat.

Essential Fatty Acids.

Only have to feed a small amount a day, unlike some other oils on the market.

Great for all over condition.

Can also be massaged into skin in bald spots, or itchy, irritated spots.

Can help achieve healthy hooves.

Better coat & skin condition.

One of Nicola's horses

STABLE ZONE BEDDING POWDER

A natural anti-bacterial bedding powder for the stable or horsebox.

This powder is very absorbent which means when used in a stable, less bedding is wasted.

Sprinkle this powder in your trailer or lorry either mixed with bedding or simply onto rubber floor, it will reduce wetness in your lorry or trailer, by soaking up urine.

The powder is also anti-bacterial and kills odours which means it helps to combat diseases in the stables, as well as keeping them fresher for longer.

By using the powder your bedding will stay drier, helping to keep your horses hoofs conditions dry too.

StableZone Bedding powder is one of our top sellers, with customers loving this product for all types of uses. Some in chicken coops, cat litter trays, kennel floors & garages for those oil spills!

DEFENCE 7 SPRAY

This is a ready to use disinfectant spray for coops, hutches, cages etc

Spray T206

DEFENCE 7 (concentrate)

A broad spectrum disinfectant, effective against poultry & livestock diseases.

Defence 7 is on DEFRA's list of tested disinfectants, see page 40. Dilutes easily with cold water & has 7 days residual activity.

This disinfectant is even active in very soiled conditions. Dilute as recommended & spray your cleaned out poultry housing. Allow to dry, add clean bedding & then allow chickens access to their clean houses.

1 Litre T205

COOP-ZONE

100% natural Anti-Bacterial bedding powder. Creates a dry, safe, healthy environment in coops by reducing moisture & eliminating ammonia. Reduces the risk of bacterial & viral respiratory contamination. Can be used on all types of bedding & flooring.

500g T209

RED MITE POWDER

POULTRY HEALTH

Contained in an easy to use sprinkle tube, our Red Mite Powder is an effective & long lasting repellent for controlling insects & pests on chickens & other poultry. H.S.E. approval no 8854.

If you have red mite you should be treating your birds & their housing every 5 days to try to stop the mites breeding cycle. This is because red mite females can lay thousands of eggs. Young Red mites can breed at 7 days old, so a few Red mites can cause an infestation in a very short time.

Directions: Sprinkle the powder through the birds feathers so it gets right to their skin, repeat every 5 days if the problem persists. As well as treating the hen housing with a Red Mite Spray & Powder.

500g

T208

CALCI SHELL-D

A liquid calcium supplement for poultry.

Calcium is vital for:-

- Shell strength & thickness.
- Good for egg production.
- Bone, beak & feather structure.
- Strength of muscles & nerves.

Calcium deficiency can lead to health problems & poor egg quality.

Half a teaspoon per bird
daily.

250ml

T207
